

Flip Flop Cookies

INGREDIENTS:

- One package of Nutter Butter Cookies (32 cookies)
- 6 ounces each of Wiltons candy melts in 4 fun colors: Yellow Orange
- Blue Purple
- Candy Flowers (I found mine at Michael's Arts and Crafts)

DIRECTIONS:

- Melt 7oz. (1/2 a bag) of each color of candy in 4 separate bowls in the microwave in 30 second increments, stirring in between.
- Dip one cookie at a time in the candy melts, covering it completely and then lifting it with a fork and tapping excess melted chocolate off. Set on parchment paper to harden.
- Spoon remainder of each color into small ziplock bags and clip a corner. Using a contrasting color, carefully pipe a flip flop "strap" on each cookie. Add a candy flower or other candy decoration to strap before it hardens.
