

## American Flag Oreo Pops

### INGREDIENTS:

- One box of Double Stuff Oreos
- One bag of Wilton's candy melts in Red
- One bag of Wilton's candy melts in Blue
- One jar of flower sprinkles (the white ones look like stars...?)
- 24 lollipop sticks

### DIRECTIONS:

- Carefully twist apart all of the Oreo cookies
- Using one of the lollipop sticks, make an indentation in the white filling of each cookie.
- Melt the Red Candy Melts in the microwave in 30 second increments, stirring until completely melted and smooth.
- Dip the end of one stick into the melted red chocolate, drizzle a little in the center of the white cookie filling and then gently press it into the indentation made.
- Place the top of the cookie back on and allow red chocolate to harden (10 minutes or so), cementing the cookie back together with a stick inside.
- Holding the stick, lower the entire Oreo into the bowl of melted red chocolate, spooning it over the top and sides to cover it completely.
- Allow the excess red chocolate to drain off and gently place covered Oreo on a piece of parchment paper to harden and cool completely
- Melt Blue candy melts in the same manner that you melted the red.
- Allow the candy melts to cool just a bit before dipping (so that it doesn't melt the red candy underneath).
- Spoon a bit of blue chocolate over just the top end of the Oreo. Tap to drain away excess blue chocolate and wipe back across a clean paper towel to remove any drips or splatter of blue.
- Place on a clean piece of parchment paper to cool, and immediately place a few white "stars" on the blue.
- Allow pop to harden completely.
- Remove from paper and serve- or place in a small treat bag, tied with pretty ribbon.
- Enjoy!
