

# Maracas Oreo Pops!

## **INGREDIENTS: (makes 24-30 Oreo pops)**

One box of Double Stuff Oreos

1/4 cup of Wilton's Candy Melts in white.

Wilton's Candy Melts in a variety of colors (you'll need at least 3 bags of them)

One box of Dots Candy

## **DIRECTIONS:**

Gently twist apart all Oreos.

Melt white candy melts in the microwave in 30 second increments, stirring between until melted and smooth.

Press a lollipop stick through a Dots candy until about 1 inch of the stick is out of the other side (see photo on blog).

Dip end of a lollipop stick into the white chocolate, spread a little on the top of the white Oreo filling and then press the stick flat into the center of the filling.

Place top of Oreo on, and set on a cookie sheet. When all Oreos have sticks inserted, pop these in the freezer for 15-20 minutes (until they are nice and firmly set).

Melt one color of Candy Melts in the microwave in 30 second increments, stirring between until melted and smooth.

Gently spoon color over bottom 1/4 of Oreo (see photos below). Set on parchment paper and allow this to harden up.

Melt second color of Candy Melts as above. Spoon color over the rest of the Oreo and gently place sunflower seeds in flower pattern in the center (or add sprinkles...or drizzle chocolate...). Allow this to harden.

Melt third color of Candy Melts and spoon over top 1/4 .

Allow candy melts to harden completely, and then pipe line/dots on in any color (I used black).

ENJOY!
