

# Monster Mash Treats

## **INGREDIENTS: (makes 9-10 treats)**

10 marshmallows  
3 T butter  
3 cups of cereal  
1/4 c. chocolate chips (use semisweet for Count Chocula and white for the rest)  
Sprinkles  
Candy eyes

## **DIRECTIONS:**

Spray muffin tins with cooking spray and set aside.

Put 3 cups of cereal into a large mixing bowl.

Measure 1/4 cup of chocolate or white chocolate chips and add to top of cereal. Set aside.

Place 10 marshmallows and 3 T butter in a microwave-safe dish and melt in 20-second increments, stirring until smooth.

Pour melted marshmallows over cereal and use a spoon to stir until well combined. Chocolate chips will melt a little and help to hold things together.

Use a large cookie scoop to spoon out a heaping spoonful of mixture and gently shape with fingers (use cooking spray on fingers if needed).

Scoop into a muffin tin and add sprinkles if desired. Allow these to cool and harden up.

To add eyes, melt a bit of the chocolate/white chocolate chips and use a toothpick to spread a little on the back of two eyes. Place them on the monster, and don't worry about getting them on straight! Monsters are supposed to look crazy!

Enjoy!!
